GUCCI AWARDS GRANTS TO 16 NON-PROFIT ORGANIZATIONS ACROSS NORTH AMERICA FUELING SOCIAL IMPACT IN DIVERSE COMMUNITIES

Milan, January 27, 2020 – Gucci today announced the 2020 recipients of its five-year Gucci North America Changemakers Impact Fund - an annual \$1 million USD grant fund to support community organizations creating social impact across diverse communities in 12 cities in North America focused on arts and culture; social justice and equity; and education.

The first round of 16 grantees is focused on improving opportunity and access for diverse people across a number of social impact initiatives, including leadership development in venture capital and technology entrepreneurship, fashion programs for underserved youth, and criminal justice reform.

Each grant is up to \$50,000 for a one-year funding cycle starting January 1, 2020 and will be used to help the recipients create new programs or scale existing initiatives in their communities.

More than 145 organizations submitted their applications for the Gucci North America Changemakers Impact Fund. Gucci worked diligently with the North America Changemakers Council and outside experts to review each application to select the 16 grantees.
